TERRAZZO

With a great specialization in making terrazzo products, Redden Bathware Terraazo basins are certainly eye-catching and almost like art pieces in themselves, adding flair and character to any room they inhabit.

Terrazzo basins are homogeneous color and textures which makes them more versatile and easier to combine with fixtures and furnishings in whatever room they exist in.

What we offer is everything customized from aggregate size to color combinations. We don't want you to repeat the designs and offer you full freedom to design the concepts. Modern terrazzo comes in different beautiful and bold colors. Due to its eco-friendly and natural materials, there is typically a slight difference in veining, color and tone across all terrazzo basins.

Terrazzo is incredibly durable- in fact its one of the most durable materials. Even if terrazzo is worn down over the years, it can be re-finished and polished to look as good as new. With proper care and maintenance, terrazzo basin will last you decades.

FAQ's :

Q. HOW ARE REDDEN BATHWARE PRODUCTS MADE?

A. All Redden Bathware products are handmade in Delhi, India by our experienced artisans using our specially designed and researched concrete and terrazzo mix to retain the product natural aesthetics. All our pieces are sealed with a high grade concrete sealer. Every piece is unique and different to another to make it a statement art piece.

Q. ARE THE PRODUCTS SEALED?

A. All our products are fully sealed to avoid daily staining, wear and tear. The products can be resealed after some time. The process is very easy and anyone can do it.

Q. WHAT IS THE FINISH OF OUR PRODUCTS?

A. The raw and natural beauty is the concrete nature. We focus to maintain the same in our products. The color variations and the air pockets are the beauty of the products. The interior surface is always smoothed and the air pockets are generally filled with the same material. Being each product is different, we don't guarantee that the look and feel of the product is same.

Q. HOW DO YOU MAINTAIN FOR YOUR CONCRETE PRODUCT?

A. All RB products should be cleaned using a mild non-abrasive cleaner. Please refrain from using scour pads on the concrete, as it can scratch your basin and breakdown the sealer. Avoid exposure to products with high levels of PH such as bleach and nail polish remover as they can strip the sealer and will expose the concrete to staining.

Q. DO PRODUCTS NEED TO BE RESEALED?

A. Each piece is sent with 4 layers of concrete sealer, but depending on the usage, we recommend to seal the products after 1 year. Resealing is an easy process and anyone can do it by own.

Q. WHAT ARE THE LEAD TIMES?

A. Lead time changes with the demand of the each product, please check it before placing order. But standard lead time is 4-5 weeks.

Q. DO YOU HAVE STOCK AVAILABLE FOR IMMEDIATE DELIVERY?

A. All of our products are made to order.

Q. DO YOU OFFER TRADE ACCOUNTS?

A. Redden Bathware does offer trade accounts to select Architects & Designers.

Q. DO YOU SHIP PAN INDIA?

A. We ship products all over India, the shipping cost is shared during the checkout of the products.
